Flora, IL 62839
800-380-3910

PROPERTY DETAILS

Property is 98% woods with a small field in the bottom for a food plot.

Property is located just 6 miles South of Charleston or 5 miles North of Greenup and East of Route 130 3/4 of a mile. The property is a bit odd shaped, somewhat like a "T"; however it is a really neat piece of property. The parcel has road frontage on 1900E Road and is located South of the 1200N Road, approximately 3/4 of a mile, or North of the 1100N Road, 1/4 of a mile. The school district is Cumberland and rural water is expected to go by the property within a year (water is close now). The topography is flat along the road giving way to hills and small bluffs before going into the bottoms along Hurricane Creek. This section is a great quality deer area and turkeys are quite abundant. Great mushroom hunting also.
