

STATE OF ILLINOIS)
 COUNTY OF RANDOLPH)
 I hereby certify that on May 5th, 6th, 13th, 18th and 24th, 2005 at the request of Mr. Lynden W. Prange and Mr. Mark H. Prange, I have surveyed the following tract of land:

GENERAL DESCRIPTION
 Part of the Fractional Northwest Quarter of Section 23, part of the Fractional East Half of Section 22 and part of Survey 636, Claim 782, all in Township 5 South, Range 10 West of the Third Principal Meridian, Randolph County, Illinois.

DETAILED DESCRIPTION
 Beginning at an old cornerstone at the southwest corner of the Fractional Northwest Quarter of Section 23, Township 5 South, Range 10 West of the Third Principal Meridian, Randolph County, Illinois; thence easterly, along the South Line of said Fractional Northwest Quarter, 2004.57 feet to an iron pin at the intersection of said South Line with the centerline of the levee; thence northwesterly, along said centerline of the levee, along a curve to the right having a radius of 1550 feet, an arc distance of 578.25 feet to an iron pin at a point of tangency, the chord of said arc deflecting 158°03'51" from the last described course; thence continuing northwesterly, along said tangent, along said centerline of the levee, 751.35 feet to an iron pin at a point of curvature; thence continuing northwesterly, along said tangent, along said centerline of the levee, 1390.63 feet to an iron pin at a point of tangency; thence continuing northwesterly, along said centerline of the levee, along a curve to the left having a radius of 6719 feet, an arc distance of 730.26 feet to an iron pin at a point of tangency; thence continuing northwesterly, along said tangent, along said centerline of the levee, 547.72 feet to an iron pin at the Northwestery Line of Survey 636, Claim 782 in said Township 5 South, Range 10 West; thence southwesterly, with a deflection angle of 77°43'29", along said Northwestery Line of Survey 636, 614.81 feet to an iron pin at the most westerly corner thereof; then southeasterly, with a deflection angle of 89°59'27", along the Southwesterly Line of said Survey 636 and along the southeasterly extension of said Line, 2930.94 feet to an iron pin at the East Line of the Fractional East Half of Section 22 in said Township 5 South, Range 10 West; thence northerly, with a deflection angle of 134°13'13", along said East Line of the Fractional East Half of Section 22, 44.88 feet to the point of beginning, containing 71.785 acres, more or less, and subject to a public road over the northeasterly portion thereof and subject to a private road over the northwesterly portion thereof and subject to an existing levee.

I further certify that to the best of my knowledge this is a true and correct representation of this survey.
 Dated this 24th day of May, 2005
